ABOUT MARINE DIVISION

Blackstar Marine is the newest division of the Blackstar Companies. We are a marine contractor with over 40 years marine construction experience through our teaming agreement with the Bunnell Foundation & Marine, a Service Disabled Veteran Owned Small Business. BlackStar Marine specializes in Shoreline Stabilization, Marine Structures, Excavation Protection, and Environmental Services. We also perform all phases of bridge construction and restoration including pile driving.

ABOUT BLACKSTAR

Blackstar is an SBA HUBZone and 8(a) certified entity that achieves complex, design build projects which maximize benefit to the customer, and their ongoing mission. Our current single project bonding capacity is \$4.5M so we are capable of providing "turn-key" services if needed. We can assist with the development, implementation and operation of any energy efficiency, infrastructure modernization and near-Net Zero/Net Zero projects under consideration.

BENEFITS OF OUR TEAM

- Client Satisfaction
- Exceptional Past Performance
- Safety Awareness
- Strategically Located Offices
- Quality Control
- OSHA Compliant
- Exemplary Safety
